LinkedIn: @llorioluwole

I am a Software Developer with expertise in frontend technologies like JavaScript, React, and React Native. I have built responsive web and mobile applications, working closely with backend developers to create full-stack solutions. I also have basic knowledge of backend technologies, including Socket.io, MongoDB, and Node.js. Passionate about building user-friendly digital experiences, I am always eager to learn and grow in the tech space.

AREAS OF EXPERTISE

I am a frontend developer with expertise in JavaScript, React, and React Native, building responsive web and mobile apps. I have experience in full-stack collaboration, API integration, and basic backend knowledge of Socket.io, MongoDB, and Node.js. Skilled in Git, problem-solving, and performance optimization.

EDUCATIONAL HISTORY

BELLS UNIVERSITY OF TECHNOLOGY

BSC INFORMATION TECHNOLOGY | 2023 - 2028

- Gaining expertise in software development and IT concepts
- Applying IT principles to enhance system performance, security, and user experience.
- Understanding backend technologies like Socket.io, MongoDB, and Node.js for full-stack collaboration.

COVENANT UNIVERSITY

FRONTEND DEVELOPMENT & CYBER SECURITY
2022 - 2023

- Proficient in JavaScript, React, and React Native for web and mobile applications.
- Understanding of security principles, threat mitigation, and secure coding practices.
- Experience collaborating on full-stack projects while ensuring application security.

WEB & SOFTWARE DEVELOPER

PROFESSIONAL HISTORY

- With 4 years of experience in software development, I have worked with various clients, delivering high-quality web and mobile applications. Specializing in frontend development with JavaScript, React, and React Native, I have built user-friendly and responsive applications while collaborating closely with backend developers. My experience also includes basic backend knowledge of Socket.io, MongoDB, and Node.js, along with a strong foundation in cybersecurity. Passionate about problem-solving and performance optimization, I continuously strive to enhance digital experiences.
